15-840

GARDEN HOSE 1/2 X 20 M, 6-LAYERS NEO PROFESSIONAL

BRAND: NEO TOOLS

arden hose 1/2" x 20 m, 6-layer NEO PROFESSIONAL 15-840 is a premium class hose, made of flexible PVC and polyester yarn famous for its durability with two braids - cross and tricot. Made of 6 solid layers which ensures usability for years. Recommended operating pressure is 10 bar.
The hose is equipped with a security system against self-twisting. *Food Safe* layer means it is safe for contact with food. The hose is resistant to algae deposits and UV radiation.
Perfect for the garden, garage or an allotment. Indispensable during maintenance and cleaning works (cleaning furniture or tools). Recommended for every season.
